Sim Racing Telemetry Coaching System Mobile User Flow Diagram

Legend

- Entry Point
- Priority 1: Real-time
- Priority 3: Comparison
- Onboarding Screens
- Priority 2: Analysis
- Supporting Screens

Onboarding Strategy: Inspired by F1 app - introduction screens showcase key features before main functionality
Design Philosophy: Racing theme with high-contrast red accents, dark mode optimized
Mobile-First: All screens optimized for portrait view, quick glanceable data, thumb-friendly navigation
Information Hierarchy: Onboarding → Critical real-time data → Analysis → Comparison
First-Time User Experience: Splash → Welcome (4 intro screens) → Sign Up → Permissions → Profile Setup → Tutorial → Home
Returning User Experience: Splash → Login → Home (streamlined access)
